

2020 Long Beach Point-In-Time Count Statistic Summary

In January 23, 2020, the City of Long Beach conducted its annual Point-in-Time Count (PIT) that accounted for 2,034 people experiencing homelessness in Long Beach. As the lead agency for the Long Beach Continuum of Care (CoC), the Department of Health and Human Services is responsible for conducting and reporting the findings of the PIT Count in the annual Continuum of Care funding application to the U.S. Department of Housing and Urban Development (HUD). These findings help communities and the federal government better understand the nature and extent of homelessness nationwide, inform local strategic planning and capacity building and advocacy campaigns to make homelessness a rare, brief, and one-time experience in Long Beach.
